## National Standards Addressed in This Course

### Common Core State Standards ([www.corestandards.org](http://www.corestandards.org))

The Common Core State Standards provide a consistent, clear understanding of what students are expected to learn, so teachers and parents know what they need to do to help them. The standards are designed to be robust and relevant to the real world, reflecting the knowledge and skills that our young people need for success in college and careers. With American students fully prepared for the future, our communities will be best positioned to compete successfully in the global economy.

College and Career Readiness Anchor Standards define what students should understand and be able to do by the end of each grade span.

Common Core Language Arts Standards addressed in this course include:

- Reading for Literature (RL): K-8, 9-10, and 11-12
- Reading for Information (RI): K-8, 9-10, and 11-12
- Writing (W): K-8, 9-10, and 11-12
- Speaking and Listening (SL): K-8, 9-10, and 11-12
- English Language Arts Standards (L): K-8, 9-10, and 11-12

Additional Common Core Standards

- College and Career Readiness Anchor Standards for Reading (Grades 6-12) Standards 1-10.
- Reading Standards for Literacy in Science and Technical Subjects (Grades 6-8, 9-10, and 11-12)

### National Board for Professional Teaching Standards (NBPTS)

(<http://www.nbpts.org/five-core-propositions>)

First published in 1989 and updated in 2016, [\*What Teachers Should Know and Be Able to Do\*](#) articulates the National Board's Five Core Propositions for teaching. The Five Core Propositions - comparable to medicine's Hippocratic Oath — set forth the profession's vision for accomplished teaching. Together, the propositions form the basis of all National Board Standards and the foundation for National Board Certification. Course assignments have been designed so students can demonstrate excellence against these professional teaching standards whenever possible.

- Proposition 1: Teachers are committed to students and their learning
- Proposition 2: Teachers know the subject they teach and how to teach those subjects to students
- Proposition 3: Teachers are responsible for managing and monitoring student learning
- Proposition 4: Teachers think systematically about their practice and learn from experience
- Proposition 5: Teachers are members of learning communities

## Grading Policies and Rubrics for Assignments

- Assignments will be graded per criteria presented in the course grading rubrics.
- Students must earn a minimum of 80% to receive credit for the assignment.
- A = 90-100% and B = 80-89%, (anything below 80% will not receive credit.)
- Grading Policies:
  - The discernment between an A or a B is at the discretion of the instructor based on the quality of work submitted (see assignment rubrics).
  - Coursework falling short of a quality equaling a B or a Credit Grade will be returned with further instructions.
  - All assignments must be completed to receive a grade. In addition, all assignments are expected to reflect the quality that teacher-training institutions require of professional educators. If completed assignments do not meet this standard, students will be notified with further instructions from the instructor.

## Writing Requirements

- **Superior:** Writing is clear, succinct, and reflects graduate level expectations.
- **Standard:** Writing is acceptable with very few mistakes in grammar and spelling.
- **Sub-standard:** Writing contains noticeable mistakes in grammar and spelling.
- **Written assignments and papers need to follow APA formatting** (1" margins, Times New Roman font - size 12, double spaced; centered title, student first and last name on paper. Instructors may add additional APA writing requirements as needed.)

## Discussion Forum Requirements

- **Superior:** Response was at least 1 page (3 fully developed paragraphs) in length. Thoroughly answered all the posed questions, followed all the assignment directions, correctly followed APA formatting, proper grammar and no spelling errors. Language is clear, concise, and easy to understand. Uses terminology appropriately and is logically organized.
- **Standard:** Response was less than 1 page in length (less than 3 fully developed paragraphs). Answered all the questions but did not provide an in-depth analysis, followed some of the assignment directions, minor APA formatting issues, proper grammar and no spelling errors. Language is comprehensible, but there are a few passages that are difficult to understand. The organization is generally good.
- **Sub-standard:** Response was only ½ page in length (1-2 paragraphs). Did not answer all the required questions and/or statements or responses were superficial, vague, or unclear, did not follow many of the assignment directions or submitted response late, many APA formatting errors, many grammatical and spelling errors. Is adequately written, but may use some terms incorrectly; may need to be read two or more times to be understood.

## Services for Students with Disabilities

Students with disabilities are eligible for reasonable accommodations in their academic work in all classes. In order to receive assistance, the student with a disability must provide the Academic Support Center with documentation, which describes the specific disability. The documentation must be from a qualified professional in the area of the disability (i.e. psychologist, physician or educational diagnostician). Students with disabilities should contact the Academic Support Center to discuss academic and other needs as soon as they are diagnosed with a disability. Once documentation is on file, arrangements for reasonable accommodations can be made. For more information and for downloadable forms, please go to <https://www.fresno.edu/students/academic-support/services-students-disabilities>.

## Plagiarism and Academic Honesty

All people participating in the educational process at Fresno Pacific University are expected to pursue honesty and integrity in all aspects of their academic work. Academic dishonesty, including plagiarism, will be handled per the procedures set forth in the Fresno Pacific University Catalogue - <https://www.fresno.edu/students/registrar-office/academic-catalogs>

## Discussion Forums

Participation is an important expectation of this course and all online courses. Online discussions promote reflection and analysis while allowing students to appreciate and evaluate positions that others express. While students may not be engaging with the same students throughout this course they will be expected to offer comments, questions, and replies to the discussion question whenever possible. The faculty role in the discussion forum is that of an observer and facilitator.

## Technology Requirements

To successfully complete the course requirements, course participants will need Internet access, can send and receive email, know how to manage simple files in a word processing program, and have a basic understanding of the Internet. Please remember that the instructor is not able to offer technical support. If you need technical support, please contact your Internet Service Provider.
