Course Description

Teachers who take this course will use the texts' resources to build and teach lessons that focus on African folktales. In addition to reading the folktales in the texts, teachers will also find and incorporate tales from online sources. By gaining exposure to the variety of resources available and by incorporating African folktales into their classrooms, students of this course will discover new ways to build skills and sensitivities in reading, comprehension, vocabulary, listening, logical thinking, relationships, ethical living, cultural understanding, and geography.

The Common Core State Standards for Language Arts as well as the five core propositions of the National Board for Professional Teaching Standards have provided the guiding principles and philosophical basis for this course. Participants may be asked to make connections between course work and these standards or the standards of their own states.

Note: Required textbooks must be acquired separately.

National Standards Addressed in This Course

National Board for Professional Teaching Standards (NBPTS)

(http://www.nbpts.org/standards-five-core-propositions/)

First published in 1989 and updated in 2016, <u>What Teachers Should Know and Be Able to Do</u> articulates the National Board's Five Core Propositions for teaching. The Five Core Propositions - comparable to medicine's Hippocratic Oath — set forth the profession's vision for accomplished teaching. Together, the propositions form the basis of all National Board Standards and the foundation for National Board Certification. Course assignments have been designed so students can demonstrate excellence against these professional teaching standards whenever possible.

- Proposition 1: Teachers are committed to students and their learning
- Proposition 2: Teachers know the subject they teach and how to teach those subjects to students
- Proposition 3: Teachers are responsible for managing and monitoring student learning
- Proposition 4: Teachers think systematically about their practice and learn from experience
- Proposition 5: Teachers are members of learning communities

Common Core State Standards (CCSS) (www.corestandards.org)

This course is designed to reinforce and support the English Language Arts Standards of the Common Core State Standards Initiative (CCSS). The Anchor Standards for Reading (Grades 6-12) are listed here:

- Key Ideas and Details

This includes all time spent on the course: reading the textbook, watching videos, listening to audio lessons, researching topics, writing papers, creating projects, developing lesson plans, posting to discussion boards, etc. Coursework offered for FPU Continuing Education graduate credit adheres to 45 hours per semester unit for the 900-level courses. Therefore, a student will spend approximately 135 hours on a typical 3-unit course.

Services for Students with Disabilities

Students with disabilities are eligible for reasonable accommodations in their academic work in all classes. In order to receive assistance, the student with a disability must provide the Academic Support Center with documentation, which describes the specific disability. The documentation

must be from a qualified professional in the area of the disability (i.e. psychologist, physician or educational diagnostician). Students with disabilities should contact the Academic Support Center to discuss academic and other needs as soon as they are diagnosed with a disability. Once documentation is on file, arrangements for reasonable accommodations can be made.
