Course Syllabus

- **Instructor: Dr. Maryam Torbati**
- **Number of Credits/Units: 3 Semester Credits/Units**
- **Format: Online Self-Paced Course**
- **You will have 3 months from your date of registration to complete the course.**

Course Description:

What does it mean to be successful? Many answers have been proposed. Most commonly it simply refers to having things turn out the way they were hoped for or planned. As simple as that seems, accomplishing success is not as easy as it sounds. The foundation to success cannot be stated in one word or even one sentence. There are many parts to becoming a success. This course will describe, analyze and guide you to understanding and applying the seven basic components that all together add up to being successful both as a teacher and in life.

Course Objectives:

By the end of the course, students will be able to:

1. Demonstrate a deep knowledge of the 7 secrets of success for teachers and application to performance-based approaches of effective learning.
2. Create goals that produce passion (schema).
3. Use power self-talk on personal performance (tactic).
4. Generate verbal and non-verbal positive communication to influence others (strategy).
5. Eliminate negativity and negative self-talk (strategy).
6. Overcome fears of the unknown and meet new challenges.
7. Reduce stress and focus on achieving goals.
8. Recognize the winner within oneself.
9. Examine the pathways of successful people.
